## **PUBLIC TRANSPORT**

*Women with Disabilities Victoria* is located near the corner of Bourke and Swanston Street, on the Collins Street side.

#### Trains (nearest stations)

- Flinders Street Station (0.5 Km)
- Melbourne Central Station (0.6km)
- Parliament Station (0.7Km)

#### <u>Trams</u>

There is a Tram Super Stop (no. 6) situated directly in front of our offices on Bourke Street (crossing Swanston Street).

If travelling by tram along Bourke Street, Stop no. 10 (Bourke St Mall) is the closest stop or get off at Stop no. 1 (Flinders/Swanston St) for wheelchair accessibility.

### **INFORMATION FOR PEOPLE WITH VISION IMPAIRMENTS**

We are located on the south side of Bourke St, on the right hand side if walking towards Russell Street. Our building is between a shoe shop (Hype) and a phone shop (Optus). There are two steps and a wheelchair accessible ramp (on the left side of the stairs) which lead to the building, and TGSI's located at the top of each.

When coming up the steps, automatic doors to the building are directly in front of you. After walking through the doors, continue straight ahead for about 8 metres to the lifts. There are two lifts with a panel in between them, containing the lift call buttons. The lifts have brailled and raised tactile buttons on the right and left hand side as you enter them, and have audible announcements installed.

Proceed to level 8. When exiting the lifts, walk straight ahead and through double doors to the Women's Health Victoria Waiting Area, where you will find a small reception desk in front of you, positioned slightly to the left. A bell to call staff is located on the desk.
